Pulp Insert

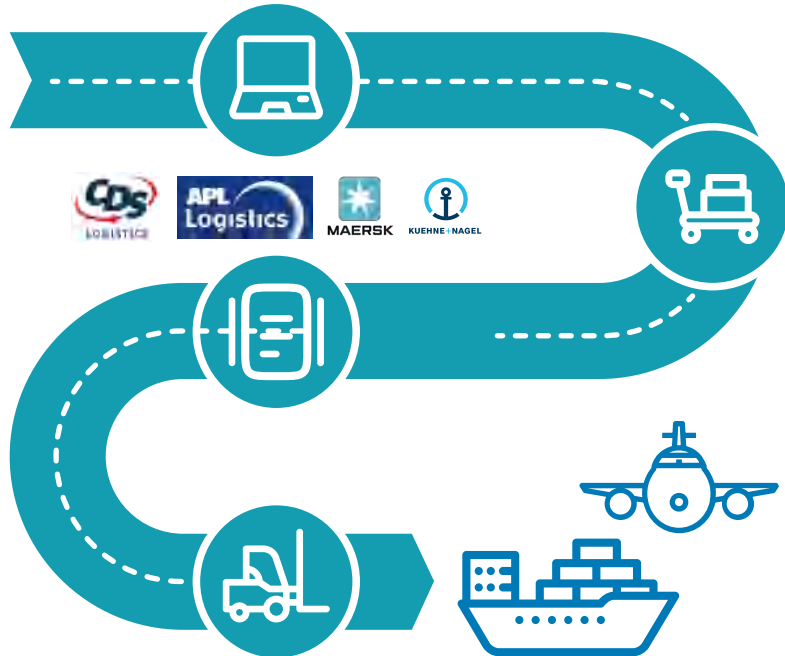

Addressing global climate concerns, we've adopted eco-friendly practices in game manufacturing. We've minimized plastic, introduced eco-friendly packaging and materials, and even embraced wood accessories. Our commitment to a plastic-free future is creating exceptional gaming experiences while nurturing a greener world

Our logistics services provide flexible shipping options for both single and multiple shipments. We partner with top logistics platforms, including **CDS**, **APL**, **MAERSK**, and **Kuehne+Nagel**, offering customized booking entries. We coordinate with Amazon and logistics partners for FBA, support various Incoterms, ensure smooth customs clearance, and prioritize shipment safety with secure packaging. From booking to arrival, your shipments are our priority

Production Video

Functionality Fulfillment

To meet the game play function and enhance gaming experience.

Manufacturability Development

To ensure the product to be manufactured smoothly.

Cost-effectiveness Optimization

To reduce the manufacturing cost while maintaining the aesthetic of the game.

Quality Assurance

To control the quality of the product during manufacturing.

Lead Time Improvement

To guarantee or even reduce lead time by planning out manufacturing process accordingly.

Manufacturing Solution Specialists

We take immense pride in delivering board games of the highest quality to our valued customers. Quality control is at the core of our manufacturing process, and we are committed to upholding the stringent standards set by the American National Standards Institute (**ANSI**) and the American Society for Quality (**ASQ**).

↑ Use first sampling plan above arrow, if sample size equals or exceeds lot or batch size, do 100 percent inspection.

↓ Use first sampling plan below arrow AC : Acceptance number Re : Rejection number

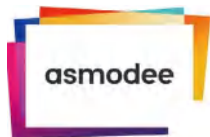

Experience top-tier quality assurance with our thorough drop box and vibration testing. Our products endure a 1-hour vibration test at **200 RPM** (2 tests per side for 0.5 hours), simulating real transportation conditions. They also meet the **ISTA-1A** drop test with **10** simulated drops, ensuring they withstand transportation and handling. Your confidence in our products is our priority, backed by our rigorous testing.
