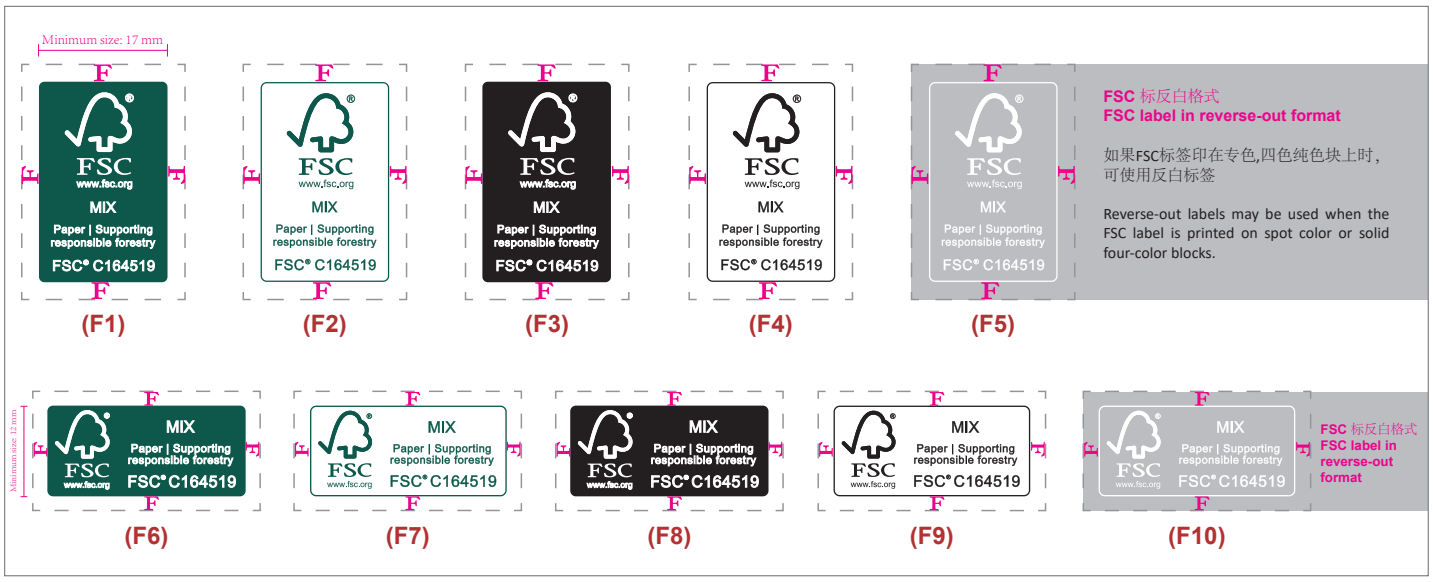
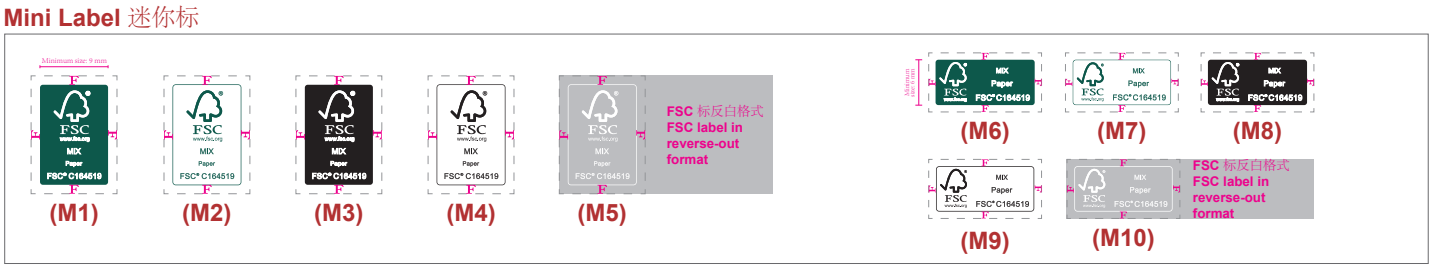
2. Please select the label style below and copy it to your design file, or reserve a space for us to insert it. We will replace it with the official artwork after the FSC application is approved.
请选择下面标签样式，复制到您的设计文件中，或留出位置由我们来添加（FSC 申请通过后我们将以实际样式来替换）

Full Label 全标



Mini Label 迷你标



Reminders 注意要点

- Full labels are preferred: vertical min width 17mm, horizontal min height 12mm.
  Mini labels allowed for packaging smaller than A5 or under 500ml: vertical min width 9mm, horizontal min height 6mm.
  All FSC labels require minimum clearance of one capital F's height from other artwork.

- FSC labels must be scaled proportionally only. When enlarging or reducing the label, tick the option Scale Strokes & Effects. Transparency effects are prohibited on the FSC logo.

- 优先选择全标（全标竖式宽度最小17mm，横式高度最小12mm），最大面尺寸小于A5或容积小于500ml时，可以选择Mini标(Mini标竖式宽度最小9mm，横式高度最小6mm)，所有FSC标离其它设计内容最小需要一个F高度的间距。

- FSC标签只能等比缩放，放大缩小时勾选“缩放描边和效果”，FSC图标不能使用透明度。

3. Kindly provide all export countries for this product, which impacts FSC application approval. Label text defaults to the main export country's language or your specified language, and we will apply for the FSC label as requested.
请告诉我们该产品所需要出口的所有国家，它将影响申请结果，标签上文字语言默认以主要出口国的语言，或按您的具体要求提供，我们将按此要求申请 FSC 标签。
